

Meares NYE Scavenger Hunt 2023

Greetings, fellow archaeologists! Tonight you will embark on a journey throughout the ancient world — you will discover seven wonders and gather clues to unveil the location of a hidden secret treasure (\$24 cash prize)! Team up with a friend (up to 3 people / team) and embark on the adventure!

How to Play

1. The locations of the wonders (numbered 1 – 7) are placed on your map. To begin the game, head to the location of the Starting Wonder below and look for a clue card (it will be stored in a plastic bag).
2. Each Wonder has two clues to other wonders. Choose one clue, solve its riddle, and head to the location of its answer.
 - a) Keep track of the path you've taken between Wonders in case you need to backtrack.
 - b) You must traverse a valid path to be eligible to win.
 - c) You may visit a Wonder multiple times in your path (e.g. the path could be 1 6 1 2... etc.).
3. Every Wonder is assigned a **Prime**. Write down this number in the table below — once you have collected all of the primes, look for a pattern and how you can determine a **Letter** from the digits.
4. Unscramble the letters to recover the Secret Word. Note that one of the letters is **intentionally incorrect**, so don't be afraid to swap letters out if you get stuck.
5. Scan the QR code and submit your path + guesses. The first correct path + guess will be recorded as the **WINNER**!

Starting Wonder: _____

Number	Wonder	Prime
1	Hanging Gardens of Babylon	
2	Great Pyramid of Giza	
3	Statue of Zeus at Olympia	
4	Temple of Artemis at Ephesus	
5	Mausoleum at Halicarnassus	
6	Colossus of Rhodes	
7	Lighthouse of Alexandria	

Scan to submit a guess.
